

HOUNDS AT † TEJON

2016/2017 Membership Schedule & Application

Tejon Hounds is entering their fourth season as a foxhunting club designed to showcase the remarkable beauty of Tejon Ranch, preserving the legacy of this historic Ranch, whilst sharing the outstanding landscape to help ensure its place in California's future. Tejon Ranch Equestrian Center, base for Tejon Hounds, is located 60 miles north of Los Angeles at 3,500 feet elevation providing clean air and cooler summer temperatures.

Tejon Ranch already has an outstanding reputation of a high-class hunt and travel destination with a great equestrian center. A logical extension of this legacy was to add foxhunting to Tejon Ranch in the form of Tejon Hounds, which includes access to the Equestrian Center facility, general English riding lessons, jumping courses, a future cross country course and trail riding events to familiarize the participants with the vast Tejon Ranch landscapes. Tejon Hounds was recognized as a registered hunt with the Masters of Foxhounds Association in January of 2013 and is now one of four recognized hunts in California, allowing its members access to the tradition and pageantry of traditional English foxhunting and horsemanship in a region dominated by western riding.

The primary activity of Tejon Hounds will be foxhunting on this spectacular, diverse property. Hunts, led by Huntsman Tyce Mothershead, will be on Wednesdays and Saturdays during the season, which will run from mid-October through mid-March (depending on weather). The Tejon Hounds pack is currently at 18 couple and the hounds are bred and trained by Huntsman Tyce Mothershead to facilitate hunting the many regions of this large, private ranch. The inauguration of the new hounds into the pack will take place during the Cub Hunts, which will start on September 28, 2016 and will also be held on Wednesdays and Saturdays. Breakfast after hunts is not included, but will generally be available through pot luck or catered functions. Capping fees of \$50 for non-members applies.
