"Tejon Ranch is the premier foxhunting venue in the Western United States. We take our pack, the Red Rock Hounds, all over the country to hunt and this is unbelievable land to hunt with private access, lots of game, and incredible hospitality. To have the privilege of hunting for a week with several packs of hounds on this magnificent fixture is an honor!

Traveling to the Tejon Ranch Equestrian Center is easy and the facility is over the top! Great barns and amenities, an amazing staff, and a location convenient to I5 with plenty of space for large vehicles are just a few of the highlights of this venue. The vistas and views are breathtaking and the Tejon Hounds are a class act. Don't miss the chance to experience this incredible place!" -Angela Murray, MFH Whipper- In Red Rock Hounds; Reno, NV

"Hunting with Tejon Hounds was a truly unforgettable experience. From beginning to end, the entire staff made us feel so welcome, provided wonderful horses, excellent sport and showed us a side of California we've never seen. From sagebrush planes to scenic vistas and rolling hills this is a place where memories are forged." -Sophia Peranteau, Las Vegas, NV

I have foxhunted in Ireland and England, as well as several places in the United States but none of those compare to the Tejon Ranch in Southern California. The 270,000 acre ranch that dates back to 1843, has a variety of terrain, all with breath taking views. The hounds and staff of the Tejon Hounds Hunt Club are second to none and always provide great sport. The equestrian facilities are first class. If you are a foxhunter, be sure to take advantage of visiting and hunting with Tejon Hounds.
