

HUNT AT † TEJON

Guided Turkey Hunt

The Merriam turkey was introduced to Tejon Ranch in the 1980's and over the years has become one of the best kept secrets on the ranch. With a limited number of birds harvested each year we are able manage these birds to give our hunters an excellent opportunity at harvesting a mature tom turkey. These birds are only hunted in the spring keeping the pressure at a minimum allowing these birds the opportunity to mature and reproduce. Your guide will be an experienced caller with years of hunting experience under the belt; while Tejon Ranch's varying terrain offers plenty of opportunity for concealment and cover. As with all guided hunts on Tejon Ranch your time on the ranch will not only be enjoyable, but memorable as well.

Schedule:

Hunts start on Monday or Friday. Hunters will check in at 12:00 pm at the Tejon Ranch Wildlife Management Office (4427 Lebec Rd. Lebec, CA 93243). After checking in, you will be escorted to your hunting cabin by your guide or ranch representative where you will settle in and receive a hunt orientation prior to heading afield. A shooting range will be available to ensure your shotgun or bow is on target prior to starting your hunt. You can expect to hunt until 5:00 pm the first day, while the second day will see you up and on the go well before sunrise and continuing to hunt throughout the day until 5:00 pm. The third day of your hunt will be short, with a morning hunt until 12:00 pm at which time we will need to clean up and exit the ranch.

Accommodations:

All guided hunts on Tejon Ranch are "all-inclusive". We will provide all the lodging and meals while you are here on the ranch (excluding alcohol). Our cabins are equipped with all the basic needs including hot showers, towels, bedding, and provide a great atmosphere for hunters to enjoy their time on the ranch. Meals will include dinner the first night, continental breakfast, field lunch, and dinner the second day and a continental breakfast the last day of the hunt

What to Bring:

Although this hunt takes place in the "Spring" hunters are expected to come prepared for vast and varying terrain, changing weather conditions, and basic needs to care for game transportation when leaving the ranch. Please note, Tejon Ranch requires **non-lead ammunition** for your firearm and a valid California hunting license is required for all hunting on Tejon ranch. Licenses are available for purchase at the Tejon Ranch Wildlife Management Office (if you are unsure of the requirements to purchase a California hunting license, please ask our staff).

Note:

-There is **NO** shot or harvest guarantee on this hunt.

Hunt Price: \$1,400 (Includes Tag) ***Note: (Price does not include \$30.00 hunter liability insurance)**

Deposit and Cancellation Policy:

All hunts require a 50% (Non-Refundable) deposit at booking unless otherwise specified, with the balance due on arrival. Any cancellation must be in writing (fax or email) and needs to be received by the Tejon Ranch Wildlife Management Department within (72) hours prior to the scheduled date of the hunt. If proper notification is received within the allotted (72) hour timeframe your deposit may be rolled into another available hunt for the current hunting season. If proper notification of cancellation is not received in allotted timeframe or you fail to show up for your scheduled hunt any deposit will be forfeited.
